Instruction for adding CTS certificate to your profile on LinkedIn

If you have been a speaker or workshop holder on any of our Cygni Tech Summit conferences throughout the years you can now add a certificate to your profile on LinkedIn. All the certificates are available here:
https://certificates.cygni.se

At LinkedIn, go to you profile and scroll down to "Licenses & Certifications":
(If you don't have that section it has to be added by clicking on "Add profile section" first).
